BioPure™ PC-Noni Extract Tincture

Morinda Citrifolia

(Indian mulberry, Ba Ji Tian, Hog Apple, Menkoedoe, Morinda citrifolia, Ruibardo Caribe, Wild Pine)

PC-Noni comes from the family Rubiaceae, making it a relative of Samento and complimentary in use. The species Noni has been used in Island Cultures for the past 2000 years. Because of the nutrient rich volcanic ash in which it is grown, the area in Hawaii where BioPure Noni is harvested is a major source of excellent quality Noni fruit.

Healing benefits: Antibacterial, antiviral, antifungal, antitumor, analgesic, hypotensive, anti-inflammatory, immune enhancing, Lyme disease, mental clarity, digestion.

Cautions and contraindications: Diabetes, kidney disorders. Not intended for use for children or during pregnancy or when breast feeding except under the care of a licensed medical practitioner. *Take PC-Samento and PC-Noni at least 30 minutes apart.*

Dosage: Take 5 - 15 drops per day in half a cup of water on an empty stomach. This may be taken in one daily dosage as desired. PC-Noni can be taken immediately after meals.

Products available: 1 oz tincture

Ingredients: Noni (all plant parts used) and organic alcohol (20% mix)
